Program

Aquinas strives to assist as many families as possible who wish to provide a Catholic education for their children.

Any family who is interested in financial aid will need to complete an online application through FACTS Grant and Aid. This is the starting point for any financial award.

For the 2018-2019 school year we had a demonstrated need in FACTS of over \$516,000; we were able to award over \$325,000 in financial aid or about 63% of the need identified.

Sources
